REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Board of Directors of
Community Partnership for Homeless, Inc.

We have audited the accompanying statements of financial position of Community Partnership for Homeless, Inc. (the "Organization") as of September 30, 2010 and 2009 and the related statements of activities and cash flows for the years then ended. These financial statements are the responsibility of the Organization's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Community Partnership for Homeless, Inc., as of September 30, 2010 and 2009 and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated February 14, 2011, on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements of the Organization taken as a whole. The accompanying supplemental schedules (pages 22-23) are presented for the purpose of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Community Partnership for Homeless, Inc. (the "Organization"), incorporated in Florida on July 23, 1993, is a not-for-profit organization that was organized to build up to three Homeless Assistance Centers for homeless, to organize the efforts of local organizations to create and implement a comprehensive plan to assist homeless individuals, and to educate residents on homeless issues, all in Miami-Dade County. The first center opened in October 1995. The second center opened in 1998. The Organization receives its support from the Miami-Dade County Homeless Trust, Miami-Dade County Public Schools, and other public and private organizations and individuals. Presently, there are no plans to build a third center.

FASB Accounting Standards Codification

On July 1, 2009, the Financial Accounting Standards Board ("FASB") issued "The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles," which establishes the FASB Accounting Standards Codification (the "ASC") as the source of authoritative principles recognized by the FASB to be applied by nongovernmental entities in the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP"). This standard is effective for financial statements issued for interim and annual periods ending after September 15, 2009.

Financial Statement Presentation

The financial statements are prepared using the accrual basis of accounting. Net assets, revenue, gains and losses are classified into three classes of net assets based on the existence or absence of donor-imposed restrictions. In addition, the Organization is required to present a statement of cash flows. The three net asset categories are reflected in the accompanying financial statements as follows:

Unrestricted - Net assets which are free of donor-imposed restrictions. Includes all revenues, gains, and losses that are not changes in permanently or temporarily restricted net assets.

Temporarily Restricted - Net assets whose use by the Organization is limited by donor-imposed stipulations that either expire by passage of time or that can be fulfilled or removed by actions of the Organization pursuant to those stipulations.

Permanently Restricted - Net assets whose use by the Organization is limited by donor-imposed stipulations that neither expire with the passage of time nor can be fulfilled or otherwise removed by actions of the Organization.

Reclassification

Certain amounts in the prior year financial statements have been reclassified for comparative purposes to conform with the presentation in the current year financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include investments with original maturities of three months or less. At various times during the years ended September 30, 2010 and 2009, the Organization maintains its cash with major financial institutions which the Organization believes limits its risk.

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Restricted Cash

Restricted cash represents cash restricted by donors for the Organization's endowment. Restricted cash is for long-term purposes and does not consist of cash equivalents.

Investments

The Organization reports its investments in marketable securities with readily determinable fair values and all investments in debt securities at fair value in the Statements of Financial Position. Investment gains and losses (including realized and unrealized gains and losses on investments, interest and dividends) are included in the accompanying Statements of Activities.

Property, Plant and Equipment, Net

Property, plant and equipment are stated at cost of acquisition or fair value at the date of donation in the case of gifts. The Organization leases the land on which the first Homeless Assistance Center is located from the Miami-Dade County School Board over a period of 40 years at a cost of $1 per year. The appraised value of this leasehold is $425,000 and has been recorded by the Organization as in-kind revenue in a prior year. The leasehold is being amortized over a period of 40 years. Leasehold improvements are capitalized on the basis of cost and equipment acquired or donated is capitalized at cost or fair value at the date of acquisition or donation. Depreciation is calculated using the straight-line method over the estimated useful lives of the related assets. In the absence of donor-imposed restrictions on the use of an asset, gifts of long-lived assets are reported as unrestricted support.

Estimated useful lives of property, plant and equipment are as follows:

	Years
Leasehold, buildings and leasehold improvements	40
Furniture and fixtures	10
Computer equipment	3
Automobiles	3

Deferred Revenues

The Organization records deferred revenues for monies received in advance for special events and other programs that have not taken place as of year end.

Pledges Receivable and Contributions

Contributions received are recorded as unrestricted, temporarily restricted or permanently restricted support depending on the existence and/or nature of any donor-imposed restrictions. Contributions with donor-imposed restrictions are reported as restricted support. However, if a restriction is fulfilled in the same period in which the contribution is received, the Organization reports the support as unrestricted. Conditional promises to give are recognized when the conditions are substantially met.

Unconditional pledges to give cash and other assets are reported at fair value at the date the pledge is received to the extent estimated to be collectible by the Organization. Pledges received with donor restrictions that limit the use of the donated assets are reported as temporarily or permanently restricted support.

When a donor restriction expires, that is when a stipulated time restriction ends or purpose restriction is accomplished, or when cash is collected on unconditional pledges in excess of current year pledge revenue, temporarily restricted net assets are reclassified as unrestricted net assets and reported in the Statements of Activities as net assets released from restrictions.

Pledges receivable due in excess of one year are discounted at the present value of their estimated future cash flows. Unconditional promises and other receivables are recorded in the Statements of Financial Position at fair value estimated by discounted cash flow analyses, using an average discount rate of 5% for the years ended September 30, 2010 and 2009.

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Pledges Receivable and Contributions (continued)

Management reviews outstanding pledges on an ongoing basis. Management provides for probable uncollectible pledges through a provision for bad debt expense and an adjustment to the allowance based on its assessment of the current status of individual pledges receivable. Pledges receivable are charged off against the allowance after all means of collection have been exhausted and the potential for recovery is considered remote.

In Kind Donations

The Organization has received office equipment, personal services, and other items as in-kind donations. These donations are recorded at management's estimate of fair market value at the date of donation.

Functional Allocation of Expenses

The cost of providing various programs and other activities has been summarized on a functional basis in the Statements of Activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Income Taxes

The Organization is registered with the Internal Revenue Service as a non-profit organization under Internal Revenue Code Section 501(c)(3) and, accordingly, is exempt from income taxes, except for any taxes which may arise from unrelated business income.

On October 1, 2009, the Organization adopted the provisions of an accounting standard, which clarifies the accounting for uncertainty in income taxes recognized in an organization's financial statements in accordance with existing accounting guidance on income taxes, and prescribes a recognition threshold and measurement process for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. This standard also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. Interest and penalties on tax liabilities, if any, would be recorded as an expense in the Statements of Activities. No liability for unrecognized tax benefits was recorded as a result of implementing this standard.

Subsequent Events

The Organization has evaluated subsequent events through February 14, 2011, which is the date the financial statements were available to be issued.

Adoption of Accounting Pronouncements

<u>Fair Value Measurements- Liabilities</u>

In August 2009, the FASB issued an accounting standard update to guidance on fair value measurements and disclosure. The updated guidance clarifies that the fair value of a liability can be measured in relation to the quoted price of the liability when the liability trades as an asset in an active market, without adjusting the price for restrictions that prevent the transfer of the liability. This update is effective for annual and interim periods beginning after August 31, 2009. The Organization has adopted this accounting standard update effective October 1, 2009.

<u>Fair Value Measurements</u>

In September 2009, the FASB issued an accounting standard update which amends existing guidance on fair value measurements and disclosures. The update allows an entity to measure the fair value of an investment that has no readily determinable fair market value, on the basis of the net asset value per share as provided by the investee. The update is effective for annual and interim periods beginning after December 15, 2009, with early adoption permitted. The Organization has adopted this accounting standard update effective October 1, 2009.

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recent Accounting Pronouncement

Fair Value Measurements

In January 2010, the FASB issued an accounting standard update on fair value measurements and disclosures. The update requires more robust disclosures about (1) the different classes of assets and liabilities measured at fair value, (2) the valuation techniques and inputs used, (3) the activity in Level 3 fair value measurements, and (4) the transfers between Levels 1, 2, and 3. The new disclosures and clarifications of existing disclosures are effective for interim and annual reporting periods beginning after December 15, 2009, except for the disclosures about purchases, sales, issuances, and settlements in the roll forward of activity in Level 3 fair value measurements. Those disclosures are effective for fiscal years beginning after December 15, 2010, and for interim periods within those fiscal years. This update is not expected to have an effect on the Organization's financial statements.

2. PLEDGES RECEIVABLE, NET

The following are schedules of payments due relating to outstanding pledges receivable from various corporations, organizations and individuals. These payments have been discounted using a rate of 5% for 2010 and 2009. Pledges receivable, net is as follows at September 30:

	2010	2009
Pledges due in:		
Less than one year	$ 1,291,485	$ 1,098,658
One to five years	835,000	1,420,000
More than five years	200,000	350,000
Total	2,326,485	2,868,658
Less: Discount on long-term pledges	(129,971)	(308,014)
Less: Allowance for uncollectible pledges	(195,000)	(190,592)
Total discount and allowance	(324,971)	(498,606)
Pledges receivable, net	$ 2,001,514	$ 2,370,052

For the years ended September 30, 2010 and 2009, bad debt expense totaled $108,000 and $132,905, respectively.

3. INVESTMENTS

Investments are presented in the financial statements at their fair market values and consist of the following at September 30:

	2010	2009
Corporate stocks	$ 11,783,089	$ 8,576,588
U.S. government obligations	2,999,775	943,652

Net realized and unrealized losses on investments	(1,080)	(61,587)
	$ 90,184	$ 434,558

4. OTHER INVESTMENT

During the year ended September 30, 2010 the Organization was a 60% beneficiary of assets disbursed from a charitable remainder annuity trust ("Charitable Trust"). The Charitable Trust assets consisted of cash and real property located in Miami, Florida. The Organization recorded as an unrestricted contribution and other investment 60% of the fair market value of the Trust assets, which amounted to $600,000 during the year ended September 30, 2010.

Brickell Trust 8th Street Property, LLC ("LLC"), a Florida limited liability company, was incorporated on June 3, 2010. The LLC was organized as a joint venture between the Organization and the other six beneficiaries of the Charitable Trust assets to acquire, own, develop, finance, sell, lease or otherwise dispose of the real property and interests in real property, and to do any and all things necessary, convenient or incidental to that purpose and to engage in such other lawful activities as are reasonably necessary or useful to the furtherance of the foregoing purpose, upon and subject to the terms and conditions of the LLC Agreement.

5. PROPERTY, PLANT AND EQUIPMENT, NET

Property, plant and equipment, net, consists of the following at:

	September 30, 2010	September 30, 2009
Land	$ 265,000	$ 265,000
Buildings	146,960	146,960
Leasehold	511,618	511,618
Leasehold improvements	17,201,307	17,105,511
Furniture and fixtures	1,937,266	1,914,926
Computer equipment	1,428,850	1,385,244
Automobiles	691,020	691,020
	22,182,021	22,020,279
Less: accumulated depreciation	(9,451,196)	(8,851,617)
Total	$ 12,730,825	$ 13,168,662

Depreciation expense was $599,579 and $690,110 for the years ended September 30, 2010 and 2009, respectively.

6. TEMPORARILY RESTRICTED NET ASSETS

The Organization's temporarily restricted net assets consist of assets which have been restricted by the donor either as to the purpose or the passage of time. The time restrictions will be met in future periods and the purpose restrictions will be met when net assets are used for the specific purpose.

Contributions received for the acquisition of property, plant and equipment are reported as temporarily restricted assets as long as those assets continue to be in service. The Organization reclassifies temporarily restricted net assets to unrestricted net assets each year for the amount of depreciation expense relating to the donated property, plant and equipment.

7. PERMANENTLY RESTRICTED NET ASSETS

The permanently restricted net assets consist of endowment donations to the Organization. The donors have instructed the Organization that the principal cannot be expended; however, the earnings generated by the original donated principal are available to be expended. Any earnings are included in temporarily restricted or unrestricted net assets as earnings are expended. Permanently restricted net assets were $18,037,131 and $17,434,046 as of September 30, 2010 and 2009, respectively.

8. FAIR VALUE MEASUREMENTS

The FASB establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Organization has the ability to access.
- Level 2 Inputs to the valuation methodology include:
  - quoted prices for similar assets or liabilities in active markets;
  - quoted prices for identical or similar assets or liabilities in inactive markets;
  - inputs other than quoted prices that are observable for the asset or liability;
  - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2010 and 2009.

Corporate stocks are valued at the closing price reported on the active market in which the individual securities are traded.

U.S. government obligations are valued at the closing price reported in the active market in which the individual securities are traded.

Corporate bonds are valued at the closing price reported in the active market in which the bond is traded.

Partnerships are valued at the closing price reported in the active market in which the funds are traded.

8. FAIR VALUE MEASUREMENTS (CONTINUED)

State of Israel Bond consists of an individual bond issued by the State of Israel. These securities are held to maturity.

Other investment is valued at the fair market of the donated assets at date of contribution.

The fair value of pledges receivable is estimated by discounting the future cash flows using a discount rate applied to expected future cash flows from estimated collections.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The values assigned to certain investments are based upon currently available information and do not necessarily represent amounts that may ultimately be realized. Because of the inherent uncertainty of valuation, those estimated fair values may differ significantly from the values that would have been used had a ready market for the investments existed and the differences could be material.

Items Measured at Fair Value on a Recurring Basis

The following tables represent the Organization's financial instruments measured at fair value on a recurring basis at September 30, 2010 and 2009 for each of the fair value hierarchy levels:

There were no financial liabilities measured at fair value on a recurring or non-recurring basis at September 30, 2010 and 2009.

9. ENDOWMENT

The Organization's endowment consists of individual funds established for a variety of purposes. Its endowment is comprised of donor-restricted endowment funds. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law

In August 2008, the FASB issued guidance on the net asset classification of donor-restricted endowment funds for an organization that is subject to the Uniform Prudent Management of Institutional Funds Act of 2006 ("UPMIFA") and also required related financial statement disclosures. The Organization adopted the disclosure provisions of the guidance effective October 1, 2009 and will adopt the accounting disclosures once the state of Florida enacts a version of UPMIFA.

The Organization classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment and (c) accumulations or losses to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The unexpended earnings of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Organization.

The Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

(1) The duration and preservation of the fund

(2) The purposes of the Organization and the donor-restricted endowment fund

(3) General economic conditions

(4) The possible effect of inflation and deflation

(5) The expected total return from income and the appreciation of investments

(6) Other resources of the Organization

(7) The investment policies of the Organization.

9. ENDOWMENT (CONTINUED)

Interpretation of Relevant Law (continued)

For the years ended September 30, 2010 and 2009, the Organization has elected not to add appreciation for cost of living or other spending policies to its permanently restricted endowment for inflation and other economic conditions.

9. ENDOWMENT (CONTINUED)

Funds with Deficiencies

From time to time the fair value of assets associated with donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the Organization to retain as a fund of perpetual duration. In accordance with accounting principles generally accepted in the United States of America, deficiencies of this nature are reported in unrestricted net assets. There were no such deficiencies as of September 30, 2010 and 2009.

Return Objectives and Risk Parameters

The Organization has adopted an investment and spending policy for endowment assets that attempts to preserve the real (inflation adjusted) value of endowment assets, increase the real value of the portfolio and facilitate a potential distribution to support some level of future operations. Endowment assets include those assets of donor-restricted funds that the Organization must hold in perpetuity or for a donor-specified period(s).

Strategies Employed for Achieving Objectives

As approved by the Board of Directors, the endowment assets are invested in a manner that is intended to produce results that are commensurate with an intermediate-long term investment time horizon. This is expected to be achieved by assuming a moderate level of risk. The Organization expects its endowment funds, over time, to provide a rate of return in excess of the original permanently restricted principal. Actual returns in any given year may vary.

The Endowment Funds are managed with the following objectives:

a) Maintain the safety of the principal
b) Maintain the necessary liquidity to ensure funds are available to support operational needs
c) Obtain a reasonable return for a prudent level of risk.

Spending Policy and How the Investment Objectives Related to Spending Policy

Management is in the process of formalizing the endowment policy guidelines that will establish the maximum percentage of endowment earnings that can be used to fund operations. Historically, the Organization has not used any of its endowment earnings to fund operations.

10. RELATED PARTY TRANSACTIONS

Certain members of the Board of Directors made pledges of $443,752 and $252,195 during the years ended September 30, 2010 and 2009, respectively. The amounts outstanding in pledges receivable from members of the Board of Directors at September 30, 2010 and 2009 were $648,115 and $814,890, respectively.

11. COUNTY AGREEMENT AND AGREEMENTS WITH MIAMI DADE COUNTY PUBLIC SCHOOLS

The Board of County Commissioners of Miami-Dade County (the "County Board") imposes a 1% food and beverage sales tax on any business that has liquor licenses that gross in excess of $400,000 of revenue and dedicates a portion of such proceeds to benefit persons who are or are about to become homeless. The County Board adopted the Community Partnership for Homeless Plan for the expenditure of the tax proceeds and created the Miami-Dade County Homeless Trust (the "Trust").

11. COUNTY AGREEMENT AND AGREEMENTS WITH MIAMI DADE COUNTY PUBLIC SCHOOLS (CONTINUED)

The Organization entered into a five-year service agreement on December 14, 1993 with Miami-Dade County through the Trust that was renewable for five consecutive five-year terms at the discretion of the Trust. The first of these five-year renewals was entered into in 1998 and covered a period ending December 31, 2003. On December 2, 2003, Community Partnership for Homeless, Inc. signed a second renewal and an amendment agreement covering the second and third renewal periods from December 15, 2003 through December 16, 2013. In 1993, the Organization was to raise $8.5 million within three years to site, design, construct, and operate up to three Homeless Assistance Centers for the homeless population of Miami-Dade County. Cash, in-kind contributions, and property raised by the Organization in excess of this $8.5 million are outside the scope of the service agreement. The service agreement provides that, on termination of the service agreement, assets acquired with tax proceeds and/or the $8.5 million are required to be returned to the Trust. The cost responsibility for the Organization will be 20% of the operating cost and capital purchases of the activities during this period. Amounts received from the Trust were $7,962,280 and $7,562,445 for the years ended September 30, 2010 and 2009, respectively.

On May 5, 1994, the Miami-Dade County School Board (the "School Board") leased the land where the first Homeless Assistance Center was constructed to the Organization. The lease has a 40-year term, for which the Organization pays $1 per year rent. The Organization also entered into an agreement on November 22, 1994 with the School Board wherein the Organization agreed to construct approximately 7,000 square feet of space within the first Homeless Assistance Center pursuant to the School Board's educational specifications and needs. It also agreed that this space would be reserved for use by the School Board for an education component for a term of 40 years. In exchange, the School Board agreed to pay the Organization for its proportionate share of construction and equipment costs, which amounted to approximately $769,000 and was received by the Organization during 1995.

On September 20, 1995, the Organization and the School Board entered into a third agreement whereby the School Board agreed to reimburse the Organization for its share of operational costs related to its educational facilities. An amendment to the educational facilities operation agreement for the homeless facility in Homestead was signed on July 15, 2004. Both parties agreed upon a fixed amount of reimbursement to the Organization for its share of operational costs related to its educational facilities. Total reimbursements to the Organization during the years ended September 30, 2010 and 2009, amounted to approximately $171,000 and $179,000, respectively.

12. CONCENTRATIONS OF RISK

Concentration of Credit Risk

Financial instruments that potentially subject the Organization to concentrations of credit risk consist principally of cash deposits in excess of the FDIC insured limits. The Organization limits its exposure by placing its deposits with quality financial institutions. At times, such balances may be in excess of the insurance limits of the Federal Deposit Insurance Corporation. The Organization has not experienced losses in such accounts.

Concentration of Pledges Receivables, Support and Revenues

Concentrations of risk exist with respect to contributions and pledges made to the Organization during the year. Revenues from private sources totaling approximately $2,660,000 and $2,926,000 from six and four donors were made during the years ended September 30, 2010 and 2009, respectively. The Organization received approximately 52% and 53% of its total public support and revenues from Miami-Dade County during the years ended September 30, 2010 and 2009, respectively.

13. RETIREMENT PLAN

On January 1, 1997, the Organization initiated a 401(k) tax-deferred savings plan, administered by an independent trustee, covering substantially all employees meeting a 90-day minimum service requirement. Contributions made by the Organization to the 401(k) plan are based on a specified percentage of employee contributions. The Organization's contribution to the plan for the years ended September 30, 2010 and 2009, totaled $165,679 and $137,438, respectively.

14. COMMITMENTS AND CONTINGENCIES

Contracts and Grants

The Organization has contracts and grants with various grantors. These grants are subject to review and audit. However, management is of the opinion that any disallowance of costs by the grantors would not have a material adverse effect on the Organization's financial position.

Litigation

The Organization is exposed to various asserted and unasserted potential claims encountered in the normal course of business. In the opinion of management, the resolution of these matters will not have a material effect on the Organization's financial position or the results of its operations.

CERTIFIED PUBLIC ACCOUNTANTS AND ADVISORS

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors
Community Partnership for Homeless, Inc.

We have audited the financial statements of Community Partnership for Homeless, Inc. (the "Organization") as of and for the year ended September 30, 2010, and have issued our report thereon dated February 14, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the Organization's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

EXAMINATION REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS ON AN ASSERTION ABOUT COMPLIANCE WITH SPECIFIED REQUIREMENTS

To the Board of Directors of
Community Partnership for Homeless, Inc.

We have examined management's assertion, included in the accompanying "Management's Assertion Report," that Community Partnership for Homeless, Inc. (the "Organization") has complied with the requirements for allowable costs and activities, matching, and financial reporting established in grant agreements applicable to Miami-Dade County Homeless Trust identified on the supplemental Schedule of County Financial Awards during the period October 1, 2009 through September 30, 2010. Management is responsible for the Organization's compliance with those requirements. Our responsibility is to express an opinion on the Organization's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the Organization's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Organization's compliance with specified requirements.

In our opinion, management's assertion that the Organization complied with the aforementioned requirements during the period October 1, 2009 through September 30, 2010, is fairly stated, in all material respects.

This report is intended solely for the information and use of management, the Board of Directors, and Miami-Dade County Homeless Trust and is not intended to be and should not be used by anyone other than these specified parties.
